

JUNIOR SUNDAY SCHOOL PRODUCTS

Faith Detectives for Juniors is a two-year curriculum that spends a quarter on each of Jesus' seven BuildUP aims (see page 35) with an additional quarter reinforcing truths about worship and prayer. The junior curriculum is an age-appropriate discipleship course that encourages students to live out their faith. Students learn to study and respond to God's Word as they complete weekly devotionals called Bible Investigation Files. Faith Detectives forms a valuable opportunity for students to learn to live like Christ.

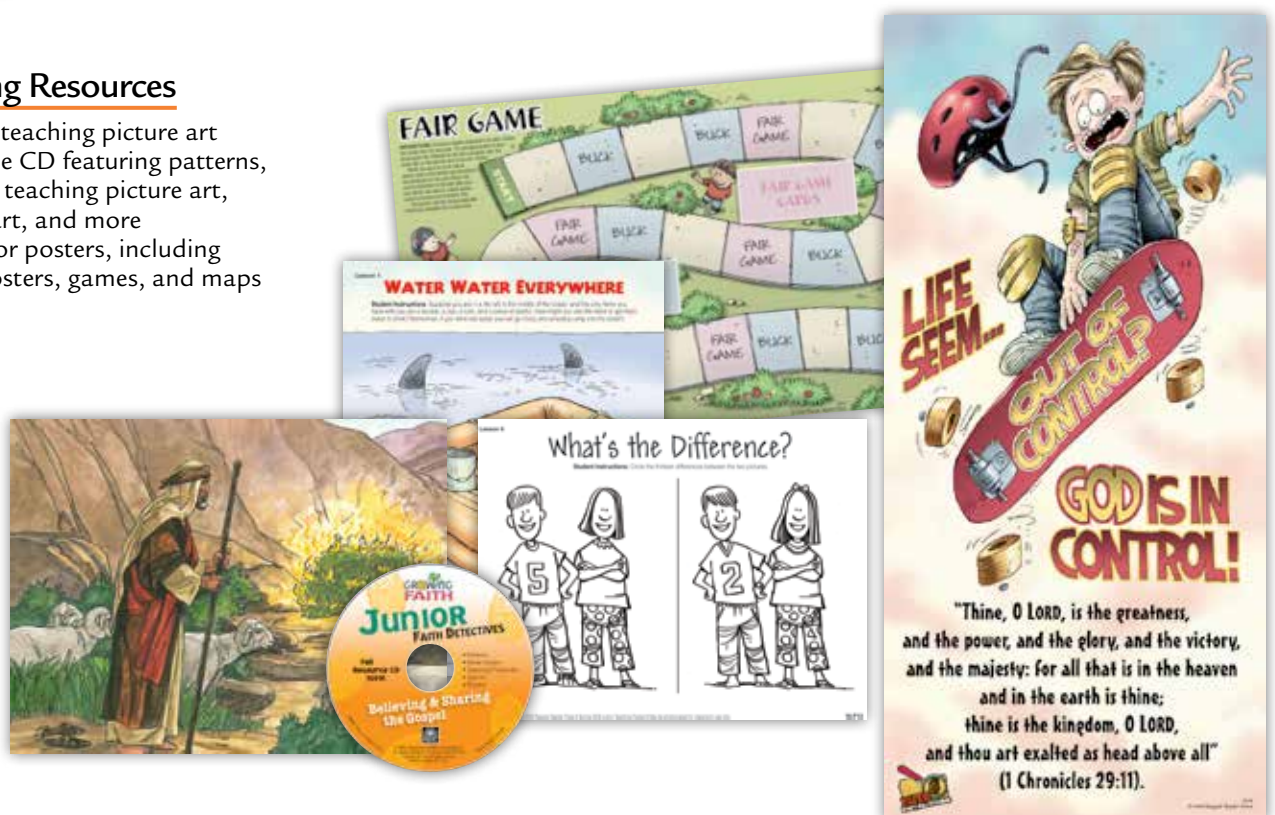

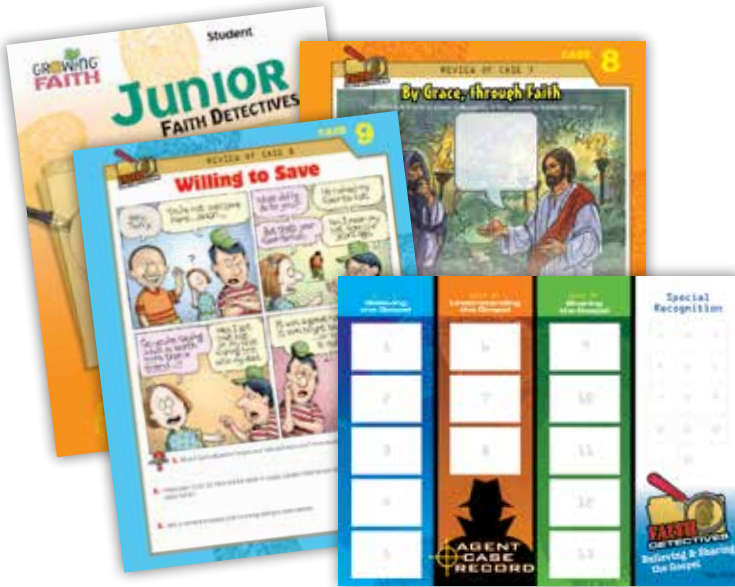

Teacher's Guide

- Easy-to-follow layout
- Interactive teaching options
